

INSPIRATION STUDIO DESIGNS

Welcome to the web!

We make your web site
stand out from the crowd

Professional Package

Cost: \$600.00+

Our professional package is close to our #1 seller! This package is great if you are looking for a cutting edge website that will help get your company's message out there or if you are looking to revamp your old website from the dark ages into the 21st century! This package includes up to 10 pages and simple interactive pieces.

Platinum Package

Individually quoted

Now you are talking about a great website with a complete suite of interactive components, social media integration, and a site that also incorporates all aspects of our Professional Package. Our platinum package also provides the opportunity to add on our administrative feature so that you can control 100% of your website and all updates without having to know any html code! Yes, that is right....we said it....100% control!

Custom Package

Individually quoted

So you want your website to blow the doors off of everyone else's website?! Not a problem! Our custom package is held exclusively for our large clients and corporations who are looking for 50+ pages, a complete suite of interactive tools, portal integration, social media, branding, and search engine optimization. In addition, this package automatically includes our administrative tool which can be deployed across entire organizations for complete control over your website updates, without anyone in your organization having to know programming language!
